

# **AgLeader InCommand 1200**

- 1) Before loading your VR prescription onto the flash drive, you must first unzip the files <u>DBF</u>, <u>SHP</u>, and <u>SHX</u>.
- To unzip the files, right click on the zipped (compressed) folder. Select "<u>Extract</u> <u>All</u>".

Name	A		Date modified	Туре	Size	
VR R	<u>O</u> pen Op <u>e</u> n	in new window	10:13 A	Compressed (zipp	90 KB	
	Extrac Pin to Move	t All Start to Dropbox (AgReliant)				
	Open	wit <u>h</u>				
	Share	with	>			

3) Move the unzipped folder onto the main menu of your flash drive.
