

## Clearing Browsing Data

If you are having trouble with getting your Advantage Acre account to load, trying clearing the browsing data.

1. Click on the icon with three vertical dots in the upper right hand corner of your screen. Hover over the “More Tools” option, then select “Clear Browsing Data...”

2. Under the “Time Range” options, select “All time.” Click on the blue “Clear data” button.

3. Return to Advantage Acre by exiting out of the current browser tab.
