

Adding a Scouting Trip in the Advantage Acre® Scouting App

Scouting is critical for crop management insight. The Scouting App offers the user a digital record of scouting trips that automatically upload to the user's Advantage Acre account. Locations (with GPS coordinates), Pictures, and Notes are quickly recorded, stored, and shared using this tool.

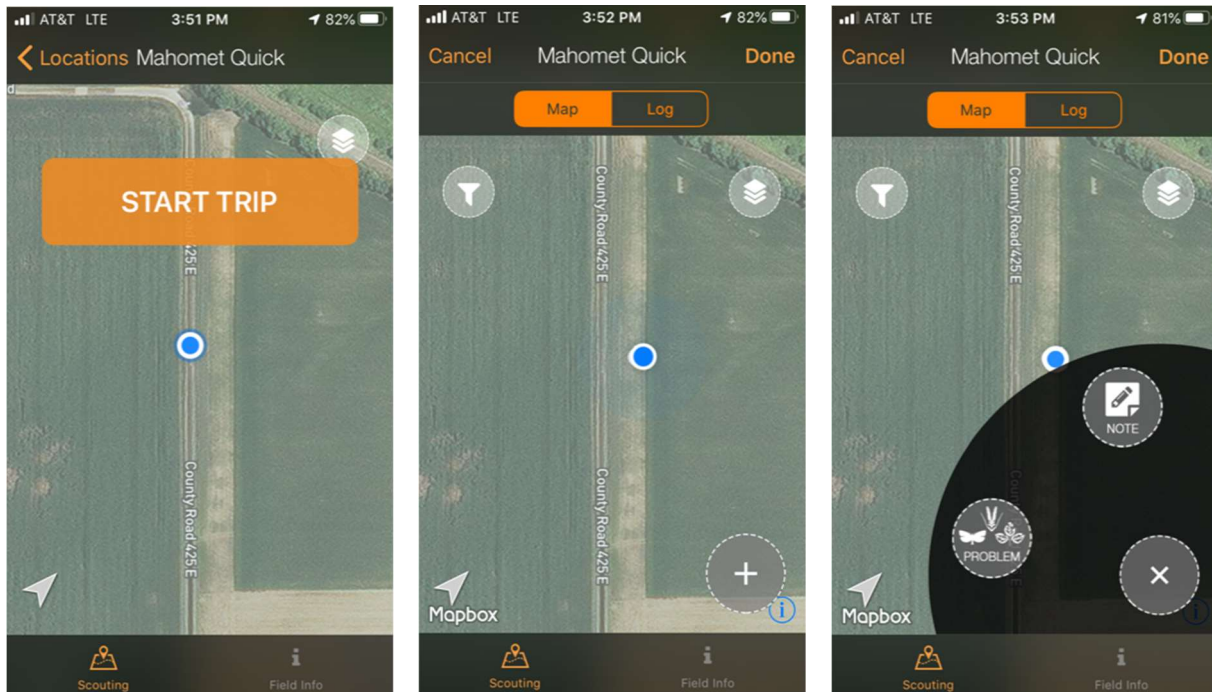

1. From your device desktop, **Tap** on **Scouting App icon**.

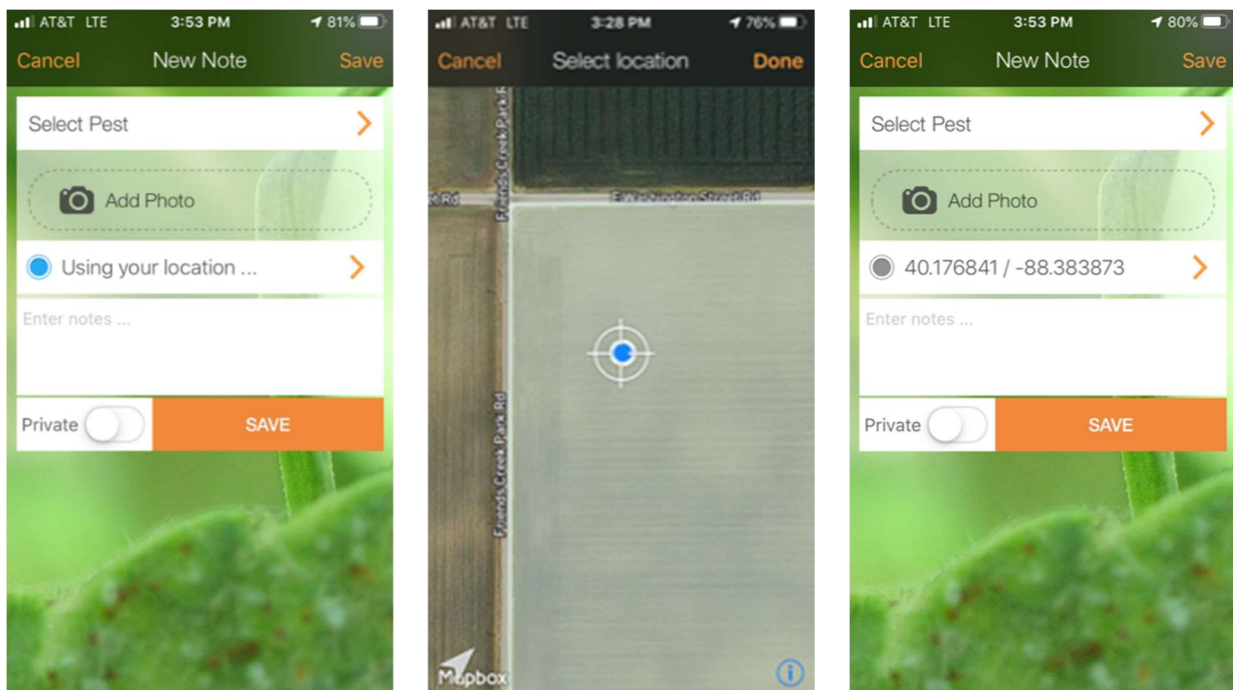

2. The Scouting App opens to the Map view Main page. It can be **switched** to List view by **tapping** on **List**. The List view can be **sorted** by Alpha Grower Name, Field Distance from device, and by Crop Growth Stage by **tapping** on **Sort by:** at bottom center of screen. There is a Search icon in the top right corner of screen of each view. Fields to be scouted can be selected by **zooming** in Map view and **tapping** on **field**; **tapping** on **Farm/Field name** in List View; or **entering** Farm/Field name into **Search**, then **tapping** on **Field name**. The **Blue Dot** is the active location of the Scouting App device.

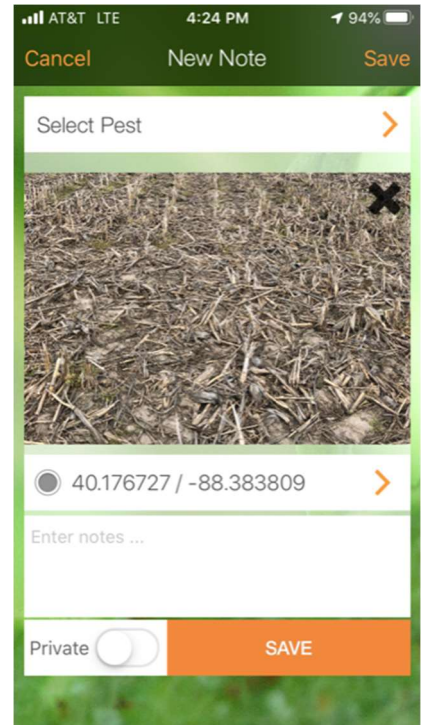

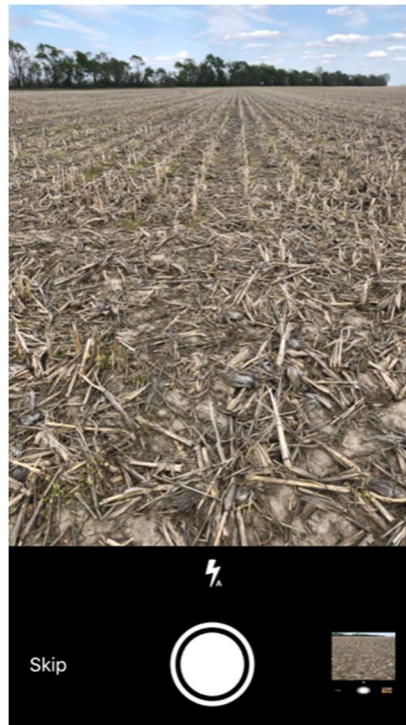

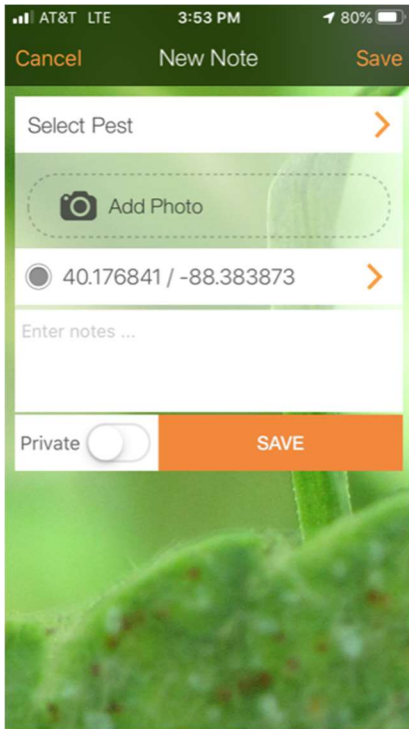

3. Once the field is selected, tap on **START TRIP**. The app tracks your path. To add a Stop for a Scouting Note, tap on the **(+)** in the lower right corner, then tap on the **Note icon**.

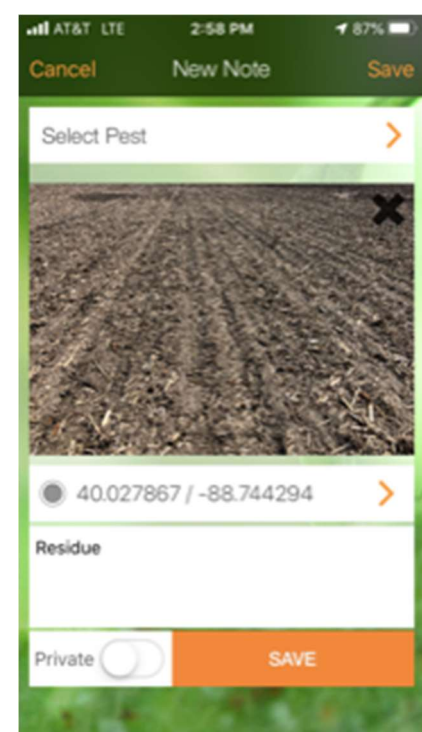

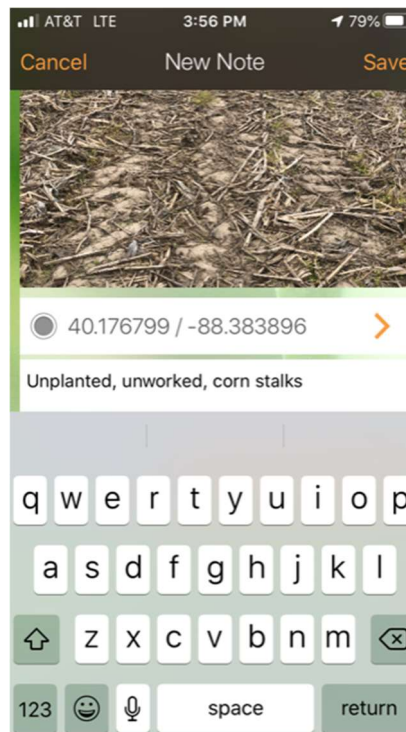

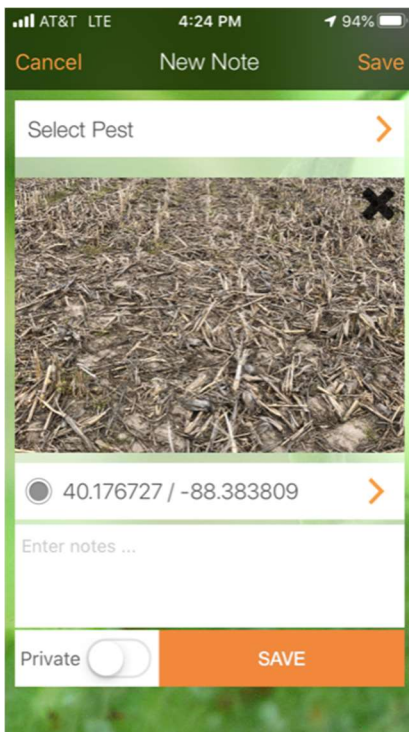

4. Add Location (GPS Coordinates), by tapping on **Using your location**, then tap on **Done** in top right corner when **Blue Dot with reticle** indicates your location in field. The **Dot** becomes grey, and GPS coordinates are displayed.

5. Add Photo by **tapping** on **Add Photo**, then **take picture** in Portrait view.

6. Add Scouting Notes by **tapping** on **Enter notes...**, add scouting notes, then **tap** on **Save** in top right corner, or the **SAVE** in the **orange box**, to save that location's **New Note**. **Do NOT switch Private On, as you will not be able to view this location's Scouting Note later.**

7. The user may enter as many stops with notes as they wish. When ready to complete scouting trip, tap on **Done** in the top right corner, then **Finish**. The Scouting Trip is **automatically uploaded** to the Advantage Acre account for this field.
